

Parent Meeting

Date: Sunday, September 19th

Time: After Church School

Where: Your child's classroom

Spiritual development is important in all of our lives. We want to ensure that our children get the teachings prepared by our teachers and the Religious Education Department. We're having a parent meeting for church school to discuss what we can do as a community to ensure that our children continue their spiritual growth.

Come for this important meeting with ideas to improve our religious education program. We will discuss expectations for parents, children, and teachers.

With His Blessings,
Khanh Moutafis
